

Museum Hunt Challenge

For this challenge you will need to choose 3 different objects in the museum. You will describe each object so that someone can use your description to find the object without knowing its name. Ideas to consider: size, shape, color, where to find it in the museum, what kind of object it is, what it eats if it eats, where it could be found, was it living or not and any interesting fact you wish to include and, yes, do include the name of the object.
